CFC-THAILAND'S POSITION and INTERIM MEASURE

CFC-Thailand is scandalized by what's happening among the elders and leaders, past and present, in CFC in Manila, Philippines.

We support all efforts of CFC leaders of goodwill, at all levels and service ministries, for continuing dialogue and reconciliation – between CFC and the bishops, between and among all the elders and leaders, until community peace and unity are achieved

We do not believe that factionalism leading to division reflects the spirituality of CFC but succumbing to the wiles of the devil, nobody wins, and all of us lose.

Therefore, as an interim measure, we, the National Council of CFC-Thailand, would not report to nor receive instructions from CFC Manila until such time when the situation is settled hopefully towards reconciliation, peace and unity.

We await the confirmation in writing by the Philippine bishops that the CFC top leadership is in full communion with the Church and her bishops, and that the integrity and good standing of Couples for Christ as a Church-approved organization of the lay faithful have been restored accordingly.

We submit, and remain, under the pastoral care and support of all the Thai bishops, especially and specifically in all the dioceses where CFC is present in Thailand.

With love and respect for all, and with no malice towards anyone, we remain your friends and brothers.

May God have mercy upon us all in this Year of Lamentations!

God bless,

The National Council, CFC-Thailand
